☎ 782 914 758

📍 Lublin, Poland

📅 18/12/1995

Creative **Graphic Designer / Web Developer** bridging the gap between design and code. Professionally skilled in UI/UX, motion graphics, custom WordPress development, and hosting management. Continuously advancing frontend skills through hands-on personal projects in **React, Next.js, and Tailwind CSS**, combining refined aesthetic judgment with clean, modern code.

EMPLOYMENT HISTORY

04.2019 – present

Graphic Designer / Web Developer | Arfa S.C. Bogusław Szczygiel, Rafał Wachowicz | Lublin

- **UI/UX Design & Prototyping:** Designing wireframes, mockups, and interactive prototypes in Figma, ensuring accessibility, responsiveness (RWD), and adherence to Design Systems.
- **WordPress Development:** Building and modifying WordPress websites, including custom solutions with bespoke CSS and JavaScript code.
- **Motion Design & Animation:** Creating dynamic animations and video assets for digital marketing using Adobe After Effects.
- **Graphic Design (Digital & Print):** Delivering visual assets for digital channels (social media, display ads) and printed collateral (flyers, catalogs, banners).
- **Prepress & DTP:** Preparing page layout and print imposition per technical specifications (bleeds, CMYK, crop marks).
- **Server & Hosting Administration:** Managing server resources, databases, and FTP transfers to maintain web application stability and uptime.

EDUCATION HISTORY
